

To Los Angeles Regional Water Quality Control Board

Re: My Water Disposal System - California water code section 13267

I have my Waste Water drained from my Oil Tank into my 5,000 gallon wastewater tank.

I call for a pick up when the tank is full.

It is then picked up by: Transportation Specialties, Inc. 1018 Honeywood Ct. Santa Paula, CA 93060 Phone 805-525-8581.

They deliver to Anterra Energy Services 1933 E. Wooley Rd. Oxnard CA 93030. 60 to 100 BBLs every few months.

Answer to questions on page 2

#1) Never had a Sump

#2) NA

#3) NA

#4) NA

#5) NA

#6) I have a water well 100' from my Waste Water Tank and Oil well.

#7) I use the water in my water well for drinking and landscaping. I have had it tested for drinking but would need time to find the paper work. I could test it again if necessary because I try to have it tested every year. If you want me to test it just let me know. I have never had a problem with my water well or my water storage tanks.

I have two oil wells, one oil storage tank, one waste water tank, one water well, three water storage tanks.

I Rose Katherine Stone certify under penalty of law that I have personally examined and am familiar with the information submitted in this document and all attachments and that, based on my inquiry of the of the information, I believe that the information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.
